Wellness Program—Exercise Descriptions

Dedicated Exercise Physiology Sessions - Individual Exercise Physiology sessions tailored to suit your needs and provide expert guidance on how to achieve your goals. We are also registered to provide subsidised individual sessions through Medicare, DVA and Private Health Insurance providers.

Open Supervised Gym - Be supervised through a comprehensive workout incorporating free weights, resistance bands and state of the art Wellness Gym equipment under the expert guidance of our team of Exercise Physiologists. This class is perfect for those that are confident with the gym equipment. *Requires Initial Assessment and HUR/Exercise Program prior to attending.

Balance - Have new found confidence by challenging and improving your balance, coordination and mobility.

Introductory - This class is perfect for those that are just starting out on their balance journey.

Progressive - This is a fun, interactive and challenging balance class.

Brain Training - Harness the power of neuroplasticity and improve your brain function through activities that stimulate memory, reasoning, speed of processing and executive function.

Aqua Aerobics (September-April) - Improve your fitness, strength and core stability in this low impact exercise session.

Seated Aerobics - Improve your cardiovascular endurance, coordination and core stability in the security of sitting down run by our enthusiastic Exercise Physiologist to upbeat classic hits (music).

Tai Chi - A gentle way to fight stress. Tai chi helps reduce stress, anxiety and in addition to this it also helps increase flexibility and balance.

Seated Yoga - Part of chair Yoga includes Yoga Asanas. These are not strenuous and can be practiced by most people regardless of age. The techniques you will learn will enable you to experience a healthier body/mind free from many everyday tensions and anxieties. These sessions are designed to help release mental, emotional and physical blocks that stop us from experiencing our fullest potential.

Meditation - A guided class teaching you the way to peace and quiet inside your own mind and body, from the comfort of your chair.

Stride & Strong (April-September) - An outdoor walking group combined with strengthening exercises.
